Gentlemen,

We are now bomb-
barded with intimate
conversations in the
boarding lounge -
please don't let it
continue on the plane
where we have no
escape?

Thank you,
Meriel Flood

Cell Phone
BAN

Dear Sirs,

Please add my name
to the list of those
wishing to keep the ban
on cell phones on air-
lines. Sitting next to
someone using a cell
phone would be pure
torture.

Thank you -
Susan Shine

Dear FCC

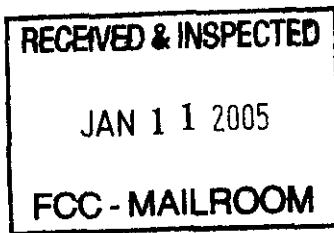

Please do NOT allow cell phone
conversations on air planes. Loud
personal, unrelentingly long conversations
already ruin many of my bus trips
to work. People do not lower their
voices even when asked.

Janet Peter White

Dear Sir or Madam:

It has come to my attention that you are soliciting input as to public opinion on the current ban of in-flight cell phone use on commercial carriers. I emphatically support the continuation of the ban.

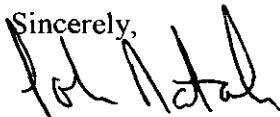

I know you will receive input that refers to the level of invasion of personal space and privacy that rampant cell phone use invokes. I believe that use during flight will elevate levels of rudeness and, therefore, tension unnecessarily. However, I feel there is a more valid reason for continuing the ban.

There is no easier accommodation one can make for terrorists than to facilitate in flight communications and text messaging that could be easily used to communicate and monitor their potential plans – even from different sections of the plane on the same flight. The possibility of coordination of any airline-related terrorist efforts would be enhanced by a relaxing of cell phone bans. If anything, restrictions should be tightened so that no calls can be made from within the fuselage of a plane.

Please do not dismiss this as alarmist. One need only watch an episode of a police reality show to see that cell phones are already misused in society to sell drugs with greater ease and organize fights and other acts of violence.

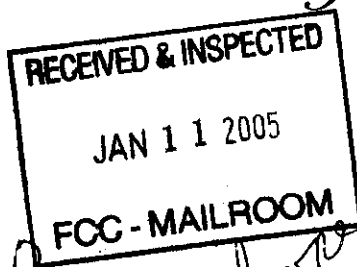

Common sense suggests that the ban be continued.

Sincerely,

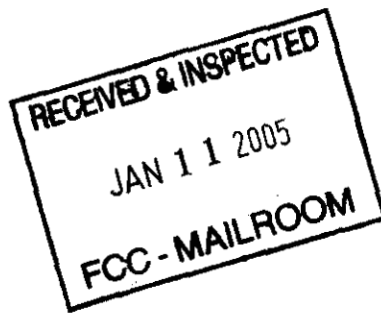

John Natale

From the desk of...

*No
cell phones
on airplanes!*

Re: Cell Phones on Airplanes

Please, No cell phone conversations
on airline flights!

only exception - Limited time for calls
if the flight will be early or late by
30 minutes or more.

Thank you!
